GRAIN MILLING SOLUTIONS

Our Infrastructure :

we have a full-bodied infrastructure that helps in modernize functioning of our production operations. our infrastructure unit is appropriately segregated into manufacturing unit, quality testing unit, R&D division and sales section. All these units toil in dexterity to proffer the customers an unimpeachable range of machines, which is in concordance with the international standards apart from this, our manufacturing unit is operational with the latest machinery, these machine installed at our unit are moderately productive and ensure competence and quality of products.

PRODUCT PORTFOLIO :

we are distinguished manufacture and supplier of a wide range of Flour mill and rice mill machinery in food industries. The accessible ranges of products ensure scrupulous quality control measures in our quality-testing unit. This process guarantees an unblemished range of machines, in this manner earning most client satisfaction. All these machines are contrived in acquiescence with international quality standards. The machine we manufacture includes... (see page no. 3,4,5,6,7,8)

OUR TEAM :

A Team of vastly expert and competent professionals assists us. Each one of them has vast industry exposure and hold proficiency in their relevant domain, which have been influential in the remarkable intensification of our business. At our organization, we have an ideal amalgamation of man and machine power that pooled with our passion for accomplishment and quality to serve our clients in best possible manner

"Integrated Solutions for all your grain milling requirements"

Our Scope

CIVIL

- ❖ Layout Finalization
- ❖ Architectural/elevation Plans
- ❖ Load Data/Structural Drawing
- ❖ Site Inspection/Supervision
- ❖ 3D Model/View Plan

Milling

- ❖ Flow diagram finalization
- ❖ Erection of Plan
- ❖ Machinery supply
- ❖ Plant commissioning
- ❖ Quality control
- ❖ Supply of spares

Electrical

- ❖ Single line diagram(SLD)
- ❖ Design & Fabrication of MCCB panels
- ❖ PLC system
- ❖ Automation
- ❖ Installation

LAB

- ❖ Setting up advanced Labs
- ❖ Additives
- ❖ Training
- ❖ Customization
- ❖ Equipments

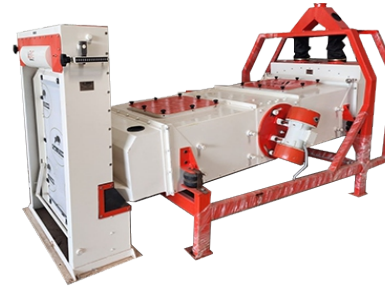

CLEANING MACHINE

Drum Sieve

Pre-Cleaner

Vibro Separator

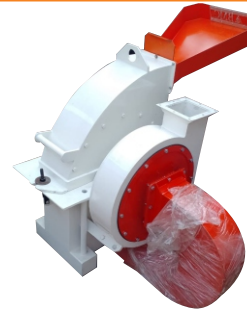

De-Stoner

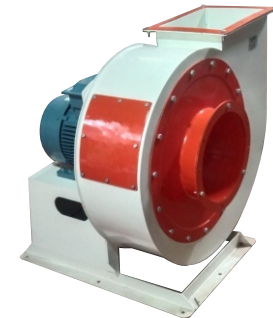

Scourer

Bi-Mix Damper

Hammer Mill

Centrifugal Blower

Intensive Damper

Emery Roll

Gravity Selector

Duck Aspiration

MILLING MACHINE

Roller Mill

Vibro Purifier

Bran Finisher

Horizontal Chakki

Magnetic Separator

Larva Destroyer

Detecher

Bin Discharger

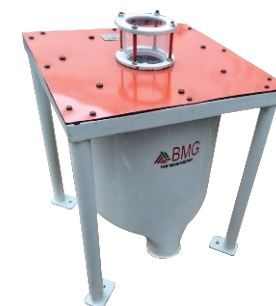

Gyro Sifter

Bag Filter

Metal Plan Sifter

Entolator

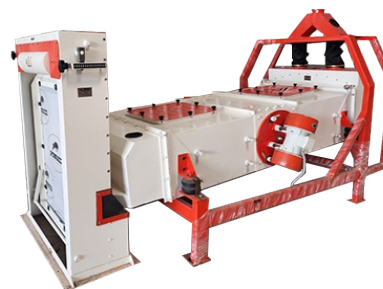

RICE & CONVEYING MACHINE

Drum Sieve

Pre-Cleaner

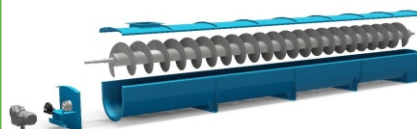

Vibro Separator

De - Stoner

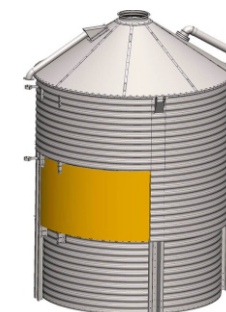

Centrifugal Fan

Worm Conveyor

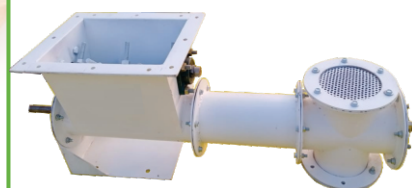

Vertical Tube

Storage Silo

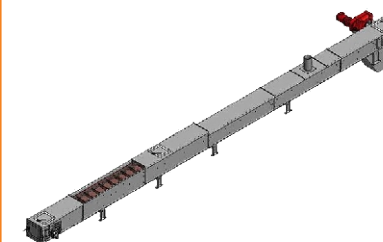

Elevator

Tube Conveyor

Pneumatic

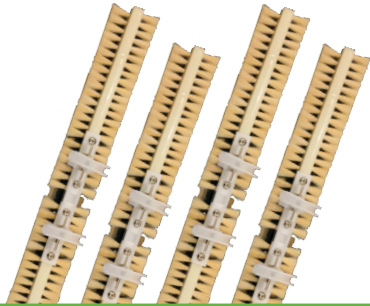

Chain Conveyor

SPARE PARTS

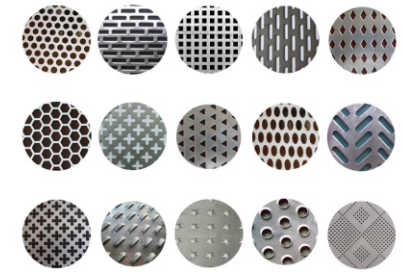

Air Lock

Purifier Brush

Triangle Brush

Perforated Sheet

Vibration Pad

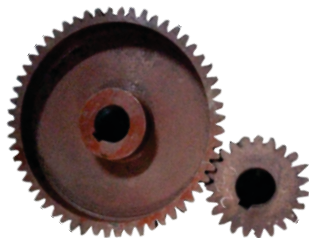

Gear Motor

Pulley

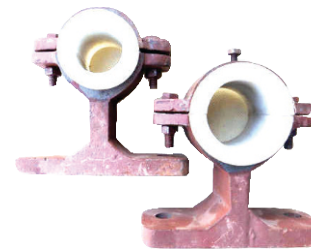

Bucket

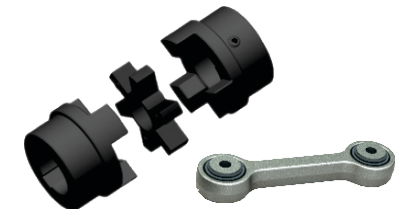

Helical Gear

Roller Mill Brush

Hanger

Coupling

FLOUR MILL REFERENCE LIST :
